## GENERAL INFORMATION

This low time Socata TB21 GT TC Trinidad comes with an avionics upgrade that include a Garmin 500, S-tec 55X autopilot and Garmin 330 Transponder.

No damage history, all books since new, excellent records. Engine was replaced due to an AD in 2008. Day and night IFR approved. TKS Prop deicing, stormscope and much more.

The TB21 GT TC Trinidad is known for its notable spaciousness and comfort. Furthermore the Trinidad can carry a large payload compared to other aircraft in its class. It is almost a full-tanks and full-seats airplane, which is unusual for singles and light twins. It also has a generous CG range to permit loading flexibility.

**ASKING PRICE: USD 299,000 (ex.VAT)**

This aircraft is offered, subject to verification and availability. Specifications and/or descriptions are provided as introductory information only and we reserve the right to make changes to this specification due to misprints, errors and omissions.

## EXTERIOR

White wings and topside with dark metallic blue bottom and maroon trim stripes.

This aircraft is offered, subject to verification and availability. Specifications and/or descriptions are provided as introductory information only and we reserve the right to make changes to this specification due to misprints, errors and omissions.

## INTERIOR

Socata's TB series is the top-hinged, gullwing cabin doors. These make access to any seat quite simple, with a minimum of fumbling and clambering.

The cockpit/cabin is modern looking and is well organized with grey carpet and grey leather seats.

The TB 21 can accommodate up to five people, with three on the rear bench seat when optional center lap belts are installed. There are individual bucket seats up front. The seats include an adjustable lumbar support.

This aircraft is offered, subject to verification and availability. Specifications and/or descriptions are provided as introductory information only and we reserve the right to make changes to this specification due to misprints, errors and omissions.
